In 2005 the Massachusetts General Court created the Department of Early Education and Care (EEC), which became operational July 1, 2005. Responsible to an independent Board of Early Education and Care, EEC combines the functions of the former Office of Child Care Services (OCCS) and the former Early Learning Services Unit at the Department of Education. EEC is responsible for the licensing of early education and care programs and for providing financial assistance for child care services to low-income families, information and referral services, parenting support for all families, and professional development opportunities for staff in the early education and care field. The mission of the Massachusetts Department of Early Education and Care is to provide the foundation that supports all children in their development as lifelong learners and contributing members of the community, and to support families in their essential work as parents and caregivers. In fulfilling this mission, EEC has developed specific regulations to be met by all providers of early care and education services in the Commonwealth, whether home, school or center-based.

In developing these standards EEC has sought to build on the strengths of the existing systems of licensing and program quality, put children and families first, and be flexible and accountable. Further, EEC has sought to establish standards that support high quality early education and care programs that reflect the diversity of the Commonwealth; strengthen families; and help children learn and grow physically, socially, emotionally, and educationally.

Unless specifically noted in 606 CMR 7.00, all requirements in 606 CMR 7.00 apply to all programs providing non-residential services to children younger than 14 years old outside their own homes, regardless of the care setting or the age of the children served.

The Department may require that specific proposals include an evaluation component to determine the effectiveness of the project and may also consider any other evidence relevant to the proposal prior to granting approval. Projects shall be implemented only on an experimental basis for a specified period not to exceed the term of the license. If the Department receives or finds evidence that the conditions of the approval have been violated, the project will be terminated.
(b) **Standard Variances.** The Department may, upon written request, grant a variance of any provision contained in 606 CMR 7.04 through 7.13 and allow an alternative method for compliance with such regulation if the applicant for the variance provides clear and convincing evidence, including, at the request of the Department, expert opinion which demonstrates to the satisfaction of the Department that the applicant’s alternative method will comply with the intent of the regulation for which a variance is requested. The Department may consider any other evidence relevant to the request for a variance. Such variances may be granted, in writing, for a specified period of time not to exceed the term of the license. If the Department receives or finds evidence that the conditions of the variance have been violated, the variance will be rescinded.

(c) **Variances During State of Emergency.** Should the Department find that a State of Emergency affecting the provision of the essential functions of government has been declared by the state and/or Federal entity with the authority to do so, the Department, in its sole discretion, may, on its own initiative, issue a written, electronic or broadcast variance regarding expected compliance with any or all of the regulatory requirements set forth in 606 CMR 7.00 or any or all other regulations governing the Department of Early Education and Care. While the license is inactive, the Department will not include the licensee on its roster of active educators. The acceptance by the Department of inactive status shall not limit the Department’s authority to investigate compliance with EEC licensing regulations nor to take adverse action against the license as appropriate, pursuant to 102 CMR 1.00, 606 CMR 7.00, and 606 CMR 14.00.

(e) Location of Care. 606 CMR 10.04

Current through June 6, 2014, Register #1262
Subject to appropriation, an income eligible child care subsidy is available to eligible parents for care by a contracted or voucher educator/provider, or in home or relative child care provider, in accordance with regulations, guidelines and policies established by EEC.

(1) Eligibility Criteria. To be eligible for an Income Eligible Child Care Subsidy, parents must meet both income eligibility and service need requirements established by EEC.

(a) Financial Requirements. Income eligibility is based on the income and the size of the family. Families headed by caretakers are exempt from financial eligibility guidelines.

1. General Rule. Families seeking child care financial assistance meet the financial requirements for the Income Eligible Child Care Program provided that the total gross monthly income for the household is at or below 50% of the State Median Income at the time of the family’s initial enrollment. Families, whose gross monthly income is at or below 50% of the State Median Income at the initial assessment, will continue to meet the financial requirements provided that the total gross monthly income for the household remains at or below 85% of the State Median Income.

2. Families With an Incapacitated Parent or a Child with Special Needs. Families with an incapacitated parent or a child with special needs meet the financial requirements for the Income Eligible Child Care Program provided that the total gross monthly income for the household is at or below 85% of the State Median Income at the time of the family’s initial enrollment. Families, whose gross monthly income is at or below 85% of the State Median Income at the initial assessment, will continue to meet the financial requirements provided that the total gross monthly income for the household remains at or below 100% of the State Median Income. The incapacity of the parent and/or special need of the child must be verified and documented on a case by case basis, as required by federal and state law.

3. Relevant Income. When determining financial eligibility, relevant income includes, but is not limited to, wages or salary (including overtime), social security benefits, alimony, child support, and public assistance.

(b) Service Need Requirements. Both parents living in the household must document either a part time or full time service need.

1. Approved Activities. Activities acceptable for establishing a service need are: seeking paid employment for a maximum of eight weeks; paid employment; maternity leave from paid employment for a maximum of 12 weeks; participating in education or training; or receiving or at risk of receiving protective services. Each activity is outlined in 606 CMR 10.04(1)(b)1.a through e.
a. **Seeking Paid Employment.** Parents seeking paid employment may comply with the service need requirement in 606 CMR 10.04(1)(b)1.a.i. and ii.:

i. Parents with a full or part time child care subsidy for work, education or training who lose their job or finish their education or training and are actively seeking employment will qualify for the equivalent full or part time service need for a period of job search not to exceed eight weeks in a 52 week period. An additional four weeks may be available in exigent or emergent circumstances with written approval from EEC. Examples of circumstances that may qualify for additional job search include: involuntarily separation from employment; natural disasters; or domestic violence situations.

ii. Parents who have not been receiving a child care subsidy and are actively seeking employment will qualify for a full time service need for a period of job search not to exceed eight weeks in a 52 week period.

b. **Paid Employment** The following activities meet the service need requirement of paid employment: existing employment, including self employment; active deployment in the military; and retirement, if the head of household is a caretaker, as defined in 606 CMR 10.02, and 65 years of age or older.

i. **Self-employment and Minimum Wage.** All self-employed parents must participate in self-employment activities for an average of 20 hours per week and show income equivalent to minimum wage in the Commonwealth. Minimum wage shall be verified by dividing the gross income reported, after allowable deductions, by the minimum wage of the state wherein the employment takes place to determine the number of eligible hours the parent(s) may use towards establishing a service need for child care subsidy.

ii. **Limitations on Self-employment** For parents engaged in home-based self-employment activities, the self-employment activity shall not qualify as an approved activity, unless:

(i) The type of work performed entails a clear and present danger to children; or

(ii) The primary type of work performed consists of face-to-face meetings/appointments with clients, which prevents direct supervision of children.

c. **Maternity Leave.** A parent, whose child care has been subsidized by EEC, may take up to 12 weeks of maternity (parental) leave from paid employment and continue to receive financial assistance, provided that the parent expects to return to any EEC approved activity, except for job search, at the end of the maternity leave.
d. **Education or Training.** Parents will qualify for a service need of education or training if they are enrolled in and attending any of the following: a full time high school program; a high school equivalency program; a vocational training program, not including graduate, medical or law school; an ESOL program; or an accredited college or university, leading to an Associate’s or a Bachelor’s degree.

i. The service need of education or training shall continue through a semester break for parents registered for the following semester. The service need of education shall not continue during the summer break unless parents are enrolled in and attend school or training during the summer.

ii. The service need for parents participating in a full time high school program will be considered full time, regardless of the program schedule. iii. The service need for parents participating in college coursework with 12 credit hours or more will be considered full time. For parents participating in less than 12 credit hours, the actual credit hours shall be multiplied by 2.5 to establish a child care need.

iv. The service need for parents participating in education or training programs other than college or high school including high school equivalency programs (*i.e.*, GED program), is 2.5 hours of service need for each hour spent in the education or training program per week.

v. Work study hours and required practical and clinical experiences (including student teaching) are counted as hours of employment, for the purpose of determining service need.

e. **Incapacity of Parent.** Families with an incapacitated parent(s) meet the service need requirement, subject to the limitations described in 606 CMR 10.04(1)(b)4. The incapacity of a parent(s) must be verified and documented on a case by case basis, as required by federal and state law.

2. **Combining Service Need Activities.** Work and education or training may be combined to meet service need requirements. An activity of seeking paid employment or incapacity of parent may not be combined with any other approved activity to establish a service need.

3. **Travel Time.** Up to five hours of travel time per week may be added to a parent’s service need, provided that the travel is reasonably related to the necessary time to/from the child care program and the parent’s service need activity. Before travel time may be added to a service need, the parent must establish a minimum of at least 20 hours in an EEC approved activity, pursuant to 606 CMR 10.04(1)(b)1.

4. **Amount of Care.** Parents who document a full time service need will be eligible for full time child care. Parents who document a part time service need will be eligible for part time child care. Parents unable to document either a full time or a part time service need are not eligible for subsidized child care.

Current through June 6, 2014, Register #1262
i. **Children with Disabilities/Special Needs.** Children with documented special needs may be eligible for either full time or part-time care, in accordance with the supporting documentation, provided that the child’s parent(s) establishes at least a part time service need, in accordance with 606 CMR 10.04(1)(b).

ii. **Parents with Disabilities/Special Needs.** Families with documented physical or mental disability of a parent may be eligible for either full time or part-time care, in accordance with the supporting documentation. Unless approved in writing by EEC, authorizations based on the physical or mental disability of a parent may not be authorized for more than two years.

(2) Referral and Waitlist.

(a) **Child Care Resource and Referral Agency.** Based on availability and in accordance with EEC enrollment priorities and policies, the CCR&R must:

1. issue a voucher to the eligible parent that may be used toward payment of a voucher child care educator/provider, subject to an eligibility determination; or

2. refer the eligible parent to a contracted child care educator/provider who has an opening appropriate for the age and needs of the child in need of care; or

3. enter the child on the waitlist for a child care subsidy.

(b) **Contracted Child Care Educator/Provider.** Based on availability and in accordance with EEC enrollment priorities and policies, the contracted educator/provider must:

1. enroll the eligible child in his or her child care program if a contract slot appropriate to the age and needs of the child exists, subject to an eligibility determination; or

2. if an appropriate contract slot does not exist, refer the parent to the regional CCR&R; and

3. enter the child on the waitlist for a child care subsidy.
(c) **Parent Choice.** Parents may not be required to enroll their children at a particular child care program. Upon 14 days notice, parents may choose to withdraw their children from one child care program and enroll in another available program for the duration of the child care subsidy, subject to appropriation.

(d) **Enrollment Prior to Service Need.** Eligible children may be enrolled in care 14 days prior to the start of the parent’s service need, when appropriate.

(3) **Eligibility Determination.** A subsidy administrator will make eligibility determinations based on the parent(s)’ application and documentation and based upon relevant regulations and policies.

(a) **Application.** Parents may apply for an income eligible child care subsidy at a contracted child care program or at a CCR&R. At the time of application and at each subsequent reassessment, parents must complete and sign a child care application and fee agreement on forms provided or approved by EEC.

(b) **Documentation.** At the time of application, in accordance with the requirements established in 606 CMR 10.03 and 10.04, parents must submit documentation that verifies their identity, residency, citizenship or immigration status of any child seeking subsidized child care, income, service need, and relationship to all children and dependent grandparents in the family. At each subsequent reassessment, parents must submit documentation that verifies their residency, income and service need.

606 CMR 10.14

10.14: Review Process

(1) **Reasons for Review.** A parent may request an EEC Review when a contracted child care educator/provider or CCR&R:

(a) denies, terminates or reduces the parent’s child care subsidy;

(b) assesses a fee that the parent believes is not in accordance with EEC regulation or policy; or

(c) acts or fails to act in a way that the parent believes violates EEC subsidy regulations or policy.

(2) **Scope of Review.** A parent may not challenge the legality of state or federal law in the EEC review process. The
scope of an EEC review shall be limited to determining whether the contracted child care educator/provider or CCR&R acted, or failed to act, in accordance with state or federal laws or regulations.

(3) **Filing a Request for Review.** The parent shall submit to EEC a written, signed and dated request for a review within 30 days of notice that their child care is being terminated or reduced, or within 30 days of an action or determination by the child care educator/provider which the parent claims violates EEC subsidy regulations or policy. The request for a review shall contain the parent’s name, address, and telephone number; the name, address and telephone number of the contracted child care educator/provider or CCR&R and the reason for the request. If a parent wishes to submit evidence in support of his or her request, such as documents or receipts, the evidence must be received by EEC within 14 calendar days of submitting the request for review, in order to make such evidence a part of the review record.

(4) **Representation.** The parent may be represented by a person of his/her choosing at any stage of the review process.

(5) **Continuation of Subsidized Child Care Services.** In order for subsidized child care services to continue pending outcome of the review, the parent shall:

   (a) file with EEC a written request for the continuation of child care services on a form provided or prescribed by EEC prior to the termination of the child care services;

   (b) at all times during the review process and any subsequent appeals keep all undisputed fee payments current; and

   (c) at all times during the review process and any subsequent appeals ensure that the child continues to attend care in accordance with EEC attendance policies.

(6) **Termination of Continued Subsidized Child Care.** Subsidized child care services continued in accordance with 606 CMR 10.14(5) shall be terminated if at any time during the review process or any subsequent appeals:

   (a) a determination is made that the sole issue is a challenge to the validity of a particular law or EEC regulation;

   (b) a change affecting the parent’s subsidy occurs subsequent to the filing of the request for a review which makes the previously filed request for a review moot, and the parent fails to request a hearing on the subsequent matter within the applicable time period; or

   (c) the parent fails to comply with the requirements for continuing subsidized care listed in 606 CMR 10.14(5)(b) and (c).
(7) Preliminary Review.

(a) Notification. Within seven days of receipt of the parent’s request for review the EEC Review Officer shall notify the contracted child care educator/provider or the CCR&R of the Request for Review, and shall request that the child care educator/provider or CCR&R submit evidence in support of his or her determination. The EEC Review Officer shall also notify the parent and the contracted child care educator/provider or the CCR&R whether the subsidized child care shall continue pending the outcome of the review.

(b) Response. Within seven days of the date of notification from EEC the contracted child care educator/provider or CCR&R must submit to the EEC Review Officer its evidence in support of its decision, action or inaction which allegedly forms the basis for the parent’s request for review.

(c) Record. The case record shall consist of any evidence submitted by the contracted child care educator/provider or the CCR&R, any evidence submitted by the parent, and, if applicable, any evidence obtained by the EEC Review Officer, including, but not limited to, documentary evidence obtained from other local, state, and/or federal agencies.

(d) Decisions.

1. How Made. The EEC Review Officer will review all information submitted by the parent and the child care educator/provider or CCR&R and seek clarification from the parties, if necessary. The Review Officer may take administrative notice of general, technical or scientific facts within his or her specialized knowledge and may use his or her experience and specialized knowledge in the evaluation of the evidence presented. The EEC Review Officer may also take administrative notice of any public records or information from other local, state, and/or federal agencies.

2. When Made. Within 30 days of EEC’s receipt of the Request for Review or as promptly as administratively feasible, the EEC Review Officer shall issue a written decision to the parent and the child care educator/provider or CCR&R which upholds, reverses, or modifies the educator’s/provider’s or CCR&R’s decision, action or inaction.

3. When Implemented. Unless 606 CMR 10.14(8)(b) applies, the EEC Review Officer’s decision will be implemented in accordance with the timelines set forth in the decision.

4. Notice of Right to Appeal. The Review Officer’s written decision shall inform the parent of the parent’s right to appeal the written decision by requesting an Informal Hearing in accordance with 606 CMR 10.14(8). If the parent does not appeal, the Review Officer’s written decision shall become EEC’s final agency decision.
(8) Informal Hearing. After a Preliminary Review aggrieved parents may appeal the EEC Review Officer’s decision by requesting an informal hearing.

(a) Requesting an Informal Hearing. Parents may request an informal hearing by submitting to the EEC General Counsel a written, signed and dated request for an informal hearing on a form prescribed or provided by EEC within seven days of the date of the EEC Review Officer’s written decision. The request for informal hearing must state the grounds for the appeal.

(b) Continuation of Benefits Pending an Informal Hearing. If the parent timely appeals the decision in accordance with 606 CMR 10.14(8)(a), the child care subsidy will automatically continue pending the outcome of the appeal unless EEC has determined, in writing, that 606 CMR 10.14(6) applies.

(c) Notice of Hearing. The General Counsel or the designated EEC Hearing Officer shall notify the parent and the child care educator/provider or CCR&R of the date, time, and place of the hearing. The notice shall also describe the hearing procedure and the right to contact EEC to obtain further information, including the case file and documents to be submitted by EEC at the hearing.

(d) Hearings.

1. Procedure. The hearing shall be conducted in accordance with 801 CMR 1.02: Informal/Fair Hearing Rules. The General Counsel may appoint an EEC Hearing Officer to preside over the hearing.

2. Adjustment of Matters Relating to the Hearing. The EEC Hearing Officer may make informal disposition of the adjudicatory proceeding by stipulation, agreed settlement, consent order, or default, and may limit the issues to be heard, in accordance with M.G.L. c. 30A, § 10.

3. Submission Without a Hearing. The parent may elect to waive a hearing and to submit any documents without appearing at the time and place designated for the hearing. Submission of a case without a hearing does not relieve the parties from supplying all documents supporting their claims or defenses. Affidavits and stipulations may be used to supplement other documentary evidence in the record.

4. Location. The Informal Hearing shall be held in EEC’s Central Office. If the parent has a disability or is otherwise unable to appear at the Central Office, the parent may request that the hearing be held at an EEC regional office more conveniently located to the parent, subject to approval by EEC.

5. Hearing Record. The EEC Hearing Officer shall ensure that a record is made of the hearing. All documents
and other evidence offered and accepted shall become part of the record. The record shall also include the Request for Review, the Request for Informal Hearing and the decision by the EEC Review Officer.

6. Burden of Proof. The EEC Hearing Officer’s decision shall be supported by substantial evidence presented at the hearing.

(e) Reasons for Dismissal. The EEC Hearing Officer may dismiss a request for an informal hearing if a parent:

1. fails to appear at the informal hearing, in accordance with 801 CMR 1.02: Informal/Fair Hearing Rules;

2. fails to prosecute his or her claim, in accordance with 801 CMR 1.02: Informal/Fair Hearing Rules(10)(e); or

3. withdraws the request for Informal Hearing in writing or on the record at the hearing.

(f) Decisions. Within 30 days of conducting the Informal Hearing, or as promptly as administratively feasible, the EEC Hearing Officer shall issue a written decision in accordance with M.G.L. c. 30A, § 11(8).

(g) Judicial Review and Finality of Decision. The decision of the EEC Hearing Officer following an Informal Hearing shall be the final agency decision for purposes of judicial review under M.G.L. c. 30A.

(b) Further Appeal and Stay of Decision. Following the Informal Hearing, the decision of the Hearing Officer shall be implemented in accordance with the timelines set forth in the Hearing Officer’s decision unless the parent:

1. timely appeals the decision to superior court pursuant to M.G.L. c. 30A;

2. submits a written request for a stay of the decision to the EEC General Counsel; and

3. the General Counsel grants the request for a stay.
If any provision contained in 606 CMR 10.00 or the application thereof is held invalid to any person or circumstance, the remainder of 606 CMR 10.00 and the application of the provision in question to other persons not similarly situated, or to other circumstances, shall not be affected thereby.

606 CMR 14.01

14.01: Purpose

The purpose of 606 CMR 14.00 is to establish standardized procedures for Department of Early Education and Care (EEC) licensed, approved and/or funded programs regarding the review of criminal records and other background information of candidates under consideration for employment or regular volunteer positions. The Department of Criminal Justice Information Services (DCJIS) has authorized EEC and some EEC licensed, approved and/or funded programs to receive criminal record information regarding present or prospective employees in any program funded or operated by such agencies. The Department of Children and Families (DCF, formerly the Department of Social Services) has entered into an Interagency Service Agreement (ISA) with the Department of Early Education and Care regarding the sharing of information resulting from investigations of allegations of abuse or neglect of a child, pursuant to M.G.L.c. 119, §§51A and 51B. In addition, the Massachusetts General Court has required EEC to conduct Sex Offender Registry Information (SORI) checks and fingerprint-based checks of state and national criminal history databases for present or prospective employees or other persons providing child care or support services with the potential for unsupervised contact with children in any program or facility licensed, approved, or funded by EEC. 606 CMR 14.00 supersedes any and all current EEC regulations that specify the age of an individual upon whom a CORI, or any other type of background record check, is to be performed.

606 CMR 14.02

14.02: Policy

In order to ensure that employees or other persons regularly providing child care or support services with potential for unsupervised contact with children in any program or facility licensed and/or funded by EEC are appropriate for serving in their positions, a Background Record Check (BRC) shall be performed on all candidates for positions in such programs or facilities, as provided in 606 CMR 14.00. A BRC shall consist of, at a minimum, a Massachusetts Criminal Offender Record Information (CORI) check; a DCF Background Record Check; a SORI check and a fingerprint-based check of state and national criminal history databases. Further, a Background Record Check shall be performed periodically, but no less often than every three years, on all persons in such positions. It is the policy of EEC that convictions of certain crimes, and certain other conduct, pose an unacceptable risk to the children served by EEC and its licensed and/or funded programs. 606 CMR 14.00 sets forth minimum standards for review of background information. Stricter standards maybe set by EEC licensed and/or funded programs. While effective immediately, EEC shall implement the provisions of 606 CMR 14.00 in phases. EEC shall issue implementation procedures with timetables for such implementation.

606 CMR 14.03

14.03: Scope

Current through June 6, 2014, Register #1262
606 CMR 14.00 applies to candidates seeking licensure, employment, internships or regular volunteer positions and to incumbent licensees, employees, interns and regular volunteers, in positions that may include unsupervised contact with children at EEC and its licensed and/or funded programs; to persons seeking approval as foster parents; to EEC-funded caregivers; and to persons providing transportation services on behalf of any EEC-licensed or funded program. In the case of an adoptive parent applicant, licensed adoption agencies must comply with the provisions of 606 CMR 14.00; however, adoption agencies retain discretion over approval of adoptive parent applicants regardless of the Background Record Check findings. If an adoption agency does not follow 606 CMR 14.00 in making a decision in an adoptive parent application, the agency must document its reasoning for not so doing.

606 CMR 14.04

14.04: Definitions

A 51B Report will either support or unsupport the allegations of abuse or neglect.

Background Record Check: The process of requesting, receiving and evaluating information provided by the Department of Criminal Justice Information Services, the Department of Children and Families, the Sex Offender Registry Board, and state and national criminal history databases related to candidates for a position with EEC or an EEC licensed, approved and/or funded program.

Background Record Check Cleared Employee: Any candidate previously hired as an employee after successfully satisfying the requirements of 606 CMR 14.00.

Candidate: Any person seeking employment, or a position as a regular intern or volunteer, or any person currently employed or serving as a regular intern or volunteer, to provide services for or on behalf of EEC or its licensed and/or funded programs and who has the potential for unsupervised contact with children; any applicant for a family child care license, all their household members who are 15 years of age or older, all persons 15 years of age or older regularly on their premises, and applicants for approval as certified or regular assistants, applicants to provide in-home, non-relative subsidized child care; and applicants for approval as foster or adoptive parents, all their household members who are 15 years of age or older and all regular visitors who are 15 years of age or older.

Central Registry: A DCF registry of information sufficient to identify children whose names are reported to DCF pursuant to M.G.L.c. 119, §§ 51A and 51B. The Central Registry also contains information on the parent(s) of the identified children, the identity of the person identified as responsible for the alleged abuse or neglect of the identified child, the nature of the allegations, the outcome of the 51A screening process, and the outcome of the 51B investigation.

Current through June 6, 2014, Register #1262
Criminal Justice Official: Either the candidate’s probation officer, parole officer or correctional facility superintendent (or designee), depending upon whomever had the most recent responsibility for supervision of the candidate. In cases where the candidate was last supervised in a correctional facility, the candidate may advise the hiring authority of any employee of the correctional facility who may have specific information about the candidate that would assist the superintendent or designee in his or her assessment process.

Criminal Offender Record Information (CORI): Information regulated by the Department of Criminal Justice Information Services regarding the criminal histories of persons within the Massachusetts Court system.

DCF Background Record Check: A check of the Department of Children and Families’ Central Registry and Registry of Alleged Perpetrators to determine if a candidate has been named in either Registry as the person responsible for abuse or neglect of a child in a supported M.G.L. c. 119, § 51B Report.

Department of Criminal Justice Information Services (DCJIS): an Executive Office of Public Safety and Security agency, DCJIS maintains and provides information from the Commonwealth’s criminal systems.

Discretionary Disqualification: A candidate shall be ineligible for a position that entails potential unsupervised contact with children in an EEC licensed and/or funded program if he or she has been convicted of or has pending any charge for any crime as described in 606 CMR 14.18: CORI Table B, if he or she has a charge resulting in a non-conviction for any criminal offense as described in 606 CMR 14.18: CORI Table A or CORI Table B, or if he or she has been named as the person responsible for abuse or neglect of a child in a DCF Background Record Check Report provided by the Department of Children and Families, unless the hiring authority has complied with the provisions of 606 CMR 14.13.

EEC-funded Caregiver: A caregiver who meets the In-Home or Relative standards and requirements established by EEC, and is exempt from EEC licensure because the caregiver either provides care in the child’s own home or is a relative of the child, and receives funding directly from EEC to care for a child under such circumstances.

Fingerprint-based Check: A scan of a candidate’s fingerprints submitted to the Federal Bureau of Investigation for matching against state and national criminal history databases. The results of a fingerprint scan are then returned to the Massachusetts State Police and forwarded to EEC for review and approval.

Hiring Authority: The person legally authorized or designated to make hiring decisions within the affected agency, department, office, program, or facility.

No Record: The conclusion from a CORI search or a fingerprint-based check of state and national criminal history databases that applicable criminal records relating to the candidate have not been found, and from a DCF Background Record Check that applicable records naming the candidate as the person responsible for abuse or neglect of a child have not been found. A finding of “no record” does not necessarily mean, however, that criminal information is not present in the CORI database or that abuse or neglect findings are not present in the DCF databases.

Pending: A criminal offense shall be considered pending if the CORI Report indicates that the offense remains open and without final resolution, including that the case has been continued without a finding. A DCF Background Record Check shall be considered pending if a 51A Report alleging abuse or neglect of a child has been filed with DCF, but the 51B Report resulting from an investigation of the alleged abuse or neglect has not been issued by DCF.
Potential for Unsupervised Contact with Children: A reasonable likelihood of contact with children in an EEC licensed, approved and/or funded program when no other Background Record Check cleared employee is present. A person having only the potential for incidental unsupervised contact with children in commonly used areas such as elevators, hallways and waiting rooms shall not be considered to have the potential for unsupervised contact for purposes of 606 CMR 14.00. These commonly used areas do not include bathrooms and other isolated areas (not commonly utilized or separated by sight and sound from other staff) that are accessible to children.

Presumptive Disqualification: A category of offenses compiled as 606 CMR 14.18: CORI Table A or the classification of Level 2 or 3 Sex Offender by the Sex Offender Registry Board, for which conviction of any such offense or sex offender classification results in a presumption of a disqualification for employment or other service that entails the potential for unsupervised contact with children, due to the presumed unacceptable risk posed by the nature of the crime to persons receiving services. A presumptive disqualification shall become a discretionary disqualification only if:

(a) the candidate’s criminal justice official concludes in writing that the candidate, within the position sought, does not pose an unacceptable risk of harm to the persons served by the program, or

(b) if the criminal justice official has been determined by the hiring authority to be unavailable or has indicated to the hiring authority that he or she has insufficient information to render an assessment, then the hiring authority may, in its sole discretion, seek an assessment of the candidate’s risk of harm from a qualified mental health professional and the qualified mental health professional concludes in writing that the candidate, within the position sought, does not, in his or her professional opinion, pose an unacceptable risk of harm to the persons served by the program. Nothing in 606 CMR 14.00 shall require EEC or the hiring authority to seek or pay for an assessment by a qualified mental health professional.

Qualified Mental Health Professional: A psychiatrist, licensed to practice medicine under M.G.L. c. 112, §2, a psychologist, licensed under M.G.L. c. 112, §§ 118 through 121, a psychiatric nurse licensed to practice nursing under M.G.L. c. 112, §§ 74 and 80E, or a licensed independent clinical social worker (LICSW) licensed under M.G.L.c. 112, §§ 130 through 132; provided that the psychiatrist, psychologist, psychiatric nurse, or licensed independent clinical social worker has at least 1,000 hours of experience over a minimum of two years involving assessment, treatment and consultation concerning individuals with behavior that presents a risk of harm to others in the community, in the workplace, in treatment settings, or in correctional facilities; and provided further that the psychiatrist psychologist psychiatric nurse or licensed independent clinical social worker has not provided treatment to the candidate.

Registry of Alleged Perpetrators: A component of the DCF Central Registry, which shall contain, if known, the following information regarding the alleged perpetrator:

No application for employment shall be considered complete unless the candidate completes 606 CMR 14.05(2).
14.06: Hiring Authority Responsibilities

(1) The hiring authority shall ensure that each candidate signs a written request for a Background Record Check investigation as part of his/her application and agrees to the periodic conduct of further Background Record Check investigations during the course of employment or service with EEC or an EEC licensed, approved and/or funded program. The hiring authority shall also inform the candidate that his or her Background Record Check information may be utilized by the criminal justice official, qualified mental health professional, hiring authority’s CORI Reviewer, or EEC personnel conducting themselves in conformance with 606 CMR 14.00. Such consent and notification shall be included in the hiring authority’s employment application form.

(2) The hiring authority shall require as a condition of an offer of employment the satisfactory completion of a complete Background Record Check investigation, including CORI, DCF, SORI and fingerprint-based checks. The hiring authority shall confirm an offer of employment only after the hiring authority receives written confirmation of the following:

(a) that the CORI investigation and the DCF Background Record Check investigation have resulted in a finding of “no record” or after the hiring authority has granted discretionary approval to hire the candidate in accordance with the provisions of 606 CMR 14.13;

(b) that the individual has been approved for hire by EEC following a SORI check. The hiring authority shall not permit any candidate to commence employment in a position with the potential for unsupervised contact with children until after the candidate is cleared as a result of a SORI Check.

(4) All CORI and DCF Background Record Check investigations that result in a finding of “no record” shall be transmitted back to the hiring authority. Following EEC’s review and approval of the candidate’s SORI check results, EEC shall notify the hiring authority to direct the candidate to submit to a fingerprint-based check of the state and national criminal history databases.

(5) All CORI and DCF Background Record Check investigations that show findings of criminal records or that the candidate has been found to be the person responsible for abuse or neglect of a child in a supported DCF 51B Report shall be promptly forwarded to the hiring authority for review consistent with 606 CMR 14.00 and EEC policy.

(6) All fingerprint-based check findings shall be transmitted to EEC for review and approval. EEC shall then notify the hiring authority whether an individual has been approved for employment or for an intern or volunteer position.

(7) The frequency of Background Record Checks shall be as follows:

(a) CORI and DCF Background Record Check investigations shall be conducted when an offer of employment or volunteer or intern position is made and BRC approval is the final step in the hiring process. 606 CMR 14.09

14.09: Findings from CORI and DCF Background Record Check Investigations

(1) If the CORI and DCF Background Record Check investigations reveal findings of “no record,” the licensee shall direct the candidate to submit to a fingerprint scan, and must document completion of the CORI and DCF Background Record Check Review in the candidate’s personnel file. The finding of “No Record” must be maintained in a locked, segregated file and shall not be part of the candidate’s personnel file.

(2) If the CORI investigation reveals a “presumptive disqualification” on the candidate’s record, the candidate shall be informed by the hiring authority:

(a) that he or she is ineligible for employment or a volunteer position where there is potential for unsupervised contact with children in an EEC licensed and/or funded program unless the candidate has been granted discretionary approval pursuant to 606 CMR 14.13;

(b) of the findings of the CORI investigation;

(c) of his or her right to dispute the accuracy or relevancy of the CORI findings;

(d) of the process to dispute the accuracy or relevancy of the CORI findings; and

(e) of the information required to obtain a discretionary review.

(3) If the CORI and/or DCF Background Record Check investigation reveals a “discretionary disqualification” on the candidate’s record, the candidate shall be informed by the hiring authority:

(a) that he or she is ineligible for employment or a volunteer position where there is potential for unsupervised contact with children in an EEC licensed and/or funded program unless the candidate has been granted
discretionary approval pursuant to 606 CMR 14.13;

(b) of the findings of the CORI investigation and/or DCF Background Record Check;

(c) of his or her right to dispute the accuracy or relevancy of the CORI and/or DCF Background Check findings;

(d) of the process to dispute the accuracy or relevancy of the CORI or DCF Background Check findings; and

(e) of the opportunity to submit additional information relevant to a discretionary review. All DCF Background Record Check findings other than “no record” are considered “discretionary disqualifications”.

(4) If the CORI investigation reveals that the candidate has an outstanding warrant for any offense, or if the DCF Background Record Check investigation reveals a pending 51B investigation, the candidate shall be informed by the hiring authority that he or she is ineligible for any position in an EEC licensed and/or funded program where there is potential for unsupervised contact children unless the warrant is removed or the 51B investigation is completed and results in a finding of unsupport.

(5) If EEC learns that a 51B report has been supported against a family child care licensee, a family child care assistant, and/or an EEC-funded in-home non-relative caregiver, that individual shall immediately stop providing care pending the outcome of a discretionary review pursuant to the provisions of 606 CMR 14.13(3). Should EEC learn that a 51B report has been supported against an employee, volunteer or intern, or transportation provider, that individual shall not be permitted to have any unsupervised contact with children pending the outcome of a discretionary review pursuant to the provisions of 606 CMR 14.13(3).

14.10: Findings from SORI Checks

(1) If the SORI Check is returned to EEC without a finding, EEC shall notify the hiring authority to direct the candidate to submit to a fingerprint scan. The hiring authority shall maintain EEC’s approval of the SORI Check in a locked, secure file separate from the candidate’s personnel file. If the candidate is hired, the hiring authority must document in the candidate’s personnel file the date on which EEC approval was received.

(2) If the SORI Check reveals that a candidate has been classified as a Level 2 and/or Level 3 sex offender, the finding will be treated as a “presumptive disqualification” as set forth in 606 CMR 14.12.

Current through June 6, 2014, Register #1262
(3) The candidate shall be informed by EEC:

(a) that he or she is ineligible for employment or a volunteer position where there is potential for unsupervised contact with children in an EEC licensed and/or funded program unless the candidate has been granted discretionary approval pursuant to 606 CMR 14.12;

(c) of his or her right to dispute the accuracy or relevancy of the SORI findings;

(d) of the process to dispute the accuracy or relevancy of the SORI finding; and

(e) of the information required to obtain a discretionary review.

(4) Should the candidate who has been classified as a Level 2 or Level 3 Sex Offender submit the documentation as set forth in 606 CMR 14.12(1)(a) and it is acceptable to EEC, EEC would then perform a Discretionary Review pursuant to the provisions of 606 CMR 14.13(5).

(5) No candidate may be hired conditionally in any capacity, nor may he/she begin work until the hiring authority receives EEC approval of the SORI check.

(6) Should EEC determine, through an address match, that an individual who is a Level 2 or Level 3 Sex Offender resides in a family child home, EEC will immediately refer this information to its licensing staff for appropriate action against the family child care license or application.

(c) of his or her right to dispute the accuracy or relevancy of the fingerprint-based check findings;

(d) of the process to dispute the accuracy or relevancy of the fingerprint-based check findings; and

(e) of the opportunity to submit additional information relevant to a discretionary review.

(4) The hiring authority may allow a candidate to begin conditional employment and have unsupervised contact with children, if the candidate’s SORI Check has been approved by EEC and the candidate’s CORI and DCF Background Record Checks have been approved by the hiring authority. Conditional employment of a candidate may occur if the
fingerprint-based check of the state and national criminal databases is pending.

(5) If EEC disapproves a candidate or a current employee, intern or volunteer, based upon the findings of the fingerprint-based check of the state and national criminal history databases, the hiring authority shall terminate the employment of the candidate or employee, intern or volunteer within 14 days of such notice, unless informed by EEC to terminate sooner.
