West's Ann.Cal.Educ.Code § 8273

§ 8273. Fee schedule for families using preschool and child care and development services; flat monthly fee; income levels

Effective: July 1, 2013

(a) The Superintendent shall establish a fee schedule for families using preschool and child care and development services pursuant to this chapter, including families receiving services pursuant to paragraph (1) of subdivision (b) of Section 8263. It is the intent of the Legislature that the new fee schedule shall be simple and easy to implement.

(b) The family fee schedule shall retain a flat monthly fee per family. The schedule shall differentiate between fees for part-time care and full-time care.

(c) Using the most recently approved family fee schedule pursuant to subdivision (f) of Section 8447, families shall be assessed a flat monthly fee based on income, certified family need for full-time or part-time care services, and enrollment, and shall not be based on actual attendance. No recalculation of a family fee shall occur if attendance varies from enrollment unless a change in need for care is assessed.

(d) The Superintendent shall design the new family fee schedule based on the state median income data that was in use for the 2007-08 fiscal year, adjusted for family size. The revised family fee schedule shall begin at income levels at which families currently begin paying fees. The revised fees shall not exceed 10 percent of the family's monthly income. The Superintendent shall first submit the adjusted fee schedule to the Department of Finance for approval.

(e) The income of a recipient of federal supplemental security income benefits pursuant to Title XVI of the federal Social Security Act (42 U.S.C. Sec. 1381 et seq.) and state supplemental program benefits pursuant to Title XVI of the federal Social Security Act (42 U.S.C. Sec. 1381 et seq.) and Chapter 3 (commencing with Section 12000) of Part 3 of Division 9 of the Welfare and Institutions Code shall not be included in total countable income for purposes of determining the amount of the family fee.

(f) Family fees shall be assessed at initial enrollment and reassessed at update of certification or recertification.

(g) It is the intent of the Legislature that the new family fees shall be cost neutral to the state and generate roughly the same amount of revenue as was generated under the previous family fee schedule.

**West's Ann.Cal.Educ.Code § 8276.5**

**§ 8276.5. Legislative intent**

The Legislature recognizes the shortage of child care and development facilities which meet state and local health and safety standards, and the lack of other sources of funding for renovations and repairs necessary to upgrade facilities for licensing in order to accommodate major child care expansion. It is, therefore, the intent of the Legislature that funds be appropriated for the purpose of providing small grants, as provided in Section 8277.1, to family day care homes, and revolving loans with no interest, as provided in Section 8277.2, to all other types of child care and development facilities, in order to provide sufficient child care and development facilities meeting licensing standards to accommodate the level of child care expansion provided in this chapter.

It is further the intent of the Legislature that funds be appropriated for the state purchase of relocatable child care and development facilities as provided in Section 8277.7, for lease to qualifying contracting agencies in geographic areas with no available child care and development facilities.

**West's Ann.Cal.Educ.Code § 8276.7**

**§ 8276.7. Child care and development programs; limitations upon use of state and federal funds**

Unless specifically exempted by the Legislature, the administrative cost for all state-funded child care and development programs and all federal programs administered by the state shall not exceed 15 percent of the funds provided for those programs. Eighty-five percent of these funds shall be used to provide direct services in accordance with rules and regulations, or contractual funding terms and conditions prescribed by the Superintendent of Public Instruction.

The first priority for all capital outlay shall be given to facilities located in geographic areas with no other available enrollment slots in existing subsidized and nonsubsidized child care and development facilities. All such capital outlay funding shall be used solely for purposes of renovation and repair of existing buildings.

The Superintendent of Public Instruction shall establish qualifications for determining the eligibility of contracting agencies and day care homes to apply for capital outlay funds.

**§ 8277.1. Allocation to family day care homes**

**§ 8277.2. Revolving loan fund; interest free loans**

The Superintendent of Public Instruction shall establish a revolving loan fund to provide loans to child care and development contracting agencies for capital outlay not to exceed 2 percent or two thousand dollars (\$2,000), whichever is greater, of the agency's contract amount. These loans shall be available with no interest and shall be used to renovate and repair child care facilities to meet state and local health and safety standards.

**West's Ann.Cal.Educ.Code § 8277.3**

**§ 8277.3. Repayment methods; deposit of repaid funds**

If a family day care provider ceases to operate, but retains its three-year license, the provider shall give notice to the department and the lending institution of its intention to resume offering child care services for the term of its license, or shall provide notice of its intention to cease providing child care services. **Effective: September 29, 2004**

(b) The Superintendent of Public Instruction shall use the formula developed pursuant to subdivision (c) and the priorities identified by local child care and development planning councils, unless those priorities do not meet the requirements of state or federal law, as a guide in disbursing augmentations pursuant to subdivision (a).

(c) The Superintendent of Public Instruction shall develop a formula for prioritizing the disbursement of augmentations pursuant to this section. The formula shall give priority to allocating funds to underserved areas. The Superintendent of Public Instruction shall develop the formula by using the definition of "underserved area" in subdivision (af) of Section 8208 and direct impact indicators of need for child care and development services in the county or subcounty areas. **§ 8279.4. Legislative findings and declarations; quality child day care facilities**

**Effective: September 29, 2004**

The Legislature finds and declares the following:

(a) There is a serious shortage of quality child day care facilities throughout the state.

(b) It is in the interest of the state's children and families, and the state's economic growth, to encourage the expansion of existing child day care facilities by assisting communities and interested government and private entities to finance child day care facilities.

(c) In addition to regional resource centers described in Provision 7(d) of Item 6110-196-0001 of the Budget Act of 1999, which focus on developing child care capacity in underserved areas of the state, there is a need to access capital for facilities on a systematic basis, especially to use limited public sector funds to leverage a greater private sector role in financing child day care facilities. The Legislature finds and declares that a financial intermediary could fill this role and support the regional resource centers and other local entities that work with potential providers by functioning as a centralized repository of training, best practices, and expertise on facilities financing.

**§ 8279.5. Nonprofit organization to serve as financial intermediary; increase funding for child day care facilities**

**Effective: September 29, 2004**

(a) The Superintendent of Public Instruction shall contract with a nonprofit organization to serve as a financial intermediary. The nonprofit organization shall have staff who have expertise in financing and capital expansion, are knowledgeable about the child care field, and have the ability to develop and implement a plan to increase the availability of financing to renovate, expand, and construct child day care facilities, both in day care centers and family day care homes.

(b) The financial intermediary selected by the Superintendent of Public Instruction shall undertake activities designed to increase funds available from the private and public sectors for the financing of child day care facilities. These activities shall include, but are not limited to, all of the following:

(1) Soliciting capital grants and program-related investments from foundations and corporations.

(3) Developing lending commitments, linked deposits, and other financing programs with conventional financial institutions.

(4) Coordinating private sources of capital with existing public sector sources of financing for child day care facilities, including, but not limited to, the Department of Housing and Community Development and the California Infrastructure and Economic Development Bank.

(5) Coordinating financing efforts with the technical assistance provided by the regional resource centers described in Provision 7(d) of Item 6110-196-0001 of the Budget Act of 1999, and other local entities that work with potential providers.

Effective: January 1, 2012

(a) The Legislature recognizes the importance of providing quality child care services. It is, therefore, the intent of the Legislature to assist counties in improving the retention of qualified child care employees who work directly with children who receive state-subsidized child care services.

(b) It is further the intent of the Legislature, in amending this section during the 2009-10 Regular Session, to address the unique challenges of the County of Los Angeles, in which an estimated 60,000 low-income children receive subsidized child care in nonstate-funded child care settings and an additional 50,000 eligible children are waiting for subsidized services.

(c)(1) Except as provided in paragraph (2), the funds appropriated for the purposes of this section by paragraph (11) of Schedule (b) of Item 6110-196-0001 of Section 2.00 of the Budget Act of 2000 (Chapter 52 of the Statutes of 2000), and that are described in subdivision (i) of Provision 7 of that item, and any other funds appropriated for purposes of this section, shall be allocated to local child care and development planning councils based on the percentage of state-subsidized, center-based child care funds received in that county, and shall be used to address the retention of qualified child care employees in state-subsidized child care centers.

(2) Of the funds identified in paragraph (1), funds qualified pursuant to subparagraphs (A) to (C), inclusive, may also be used to address the retention of qualified persons working in licensed child care programs that serve a majority of children who receive subsidized child care services pursuant to this chapter, including, but not limited to, family day care homes as defined in Section 1596.78 of the Health and Safety Code. To qualify for use pursuant to this paragraph, the funds shall meet all of the following requirements:

These guidelines shall be consistent with the department's assessment of the current needs of the subsidized child care workforce, and shall be subject to the approval of the Department of Finance. Any county plan developed pursuant to these guidelines shall be approved by the department prior to the allocation of funds to the local child care and development planning council.

A county with an approved plan may retain up to 1 percent of the county's total allocation made pursuant to this section for reimbursement of administrative expenses associated with the planning process.
